

RTR (RADIOTOWERS of RUSSIA)

Country: Russia

Parent company: Federal State-Owned Enterprise Russian Television and Radio Broadcasting Network

Website: http://rtrs.ru/press_center/towers/

Further details: ru6ax@mail.ru

The RTR diploma established by the Television and Radio Broadcasting Network (RTRN) is issued for carrying out QSO/SWL with radio stations in the large square of the QTH-locator with one of the RTRN radio towers/masts located within, as well as with RTRN collective radio stations or radio stations of the amateurs employed in the RTRN.

This diploma is issued to all operators and listeners for carrying out QSO/SWL within any amateur bands and with any modes of communication. Repeated QSO/SWL within the same band and with the same mode will not be counted.

QSO/SWL are counted from 13 August 2001 (the date of RTRN establishment).

One needs to score 100 points to get a diploma.

The points for QSO/SWL are scored as follows:

- 1) 2 points for radio stations working from the corresponding large square of the QTH locator;
- 2) 3 points for RTRN collective radio stations and radio stations of the amateurs employed in the RTRN;
- 3) 5 points for RTRN anniversary radio stations.

The anniversary diplomas are issued for fulfilment of conditions of the basic diploma within the period from 1 to 31 August and at least one QSO/SWL carried out with an RTRN anniversary radio station. The basic and anniversary diplomas may be obtained in arbitrary order.

The application for diploma is to be prepared as per the prescribed form (specifying QTH-locator) based on QSL-cards obtained in confirmation of carried out QSO/SWL. QSL-cards are not required to be attached to the application.

The diploma is issued free of charge.

The application duly certified in the local radio club is to be submitted to the diploma manager to the following address:

p/o box 1534, city of Krasnodar, 350080 V. EFIMTSOV (RU6AX).
